

The Templenewsam Curriculum

Pupils at Templenewsam Halton Primary are at the centre of all that we do and have access to a rich, varied and balanced curriculum. We recognise the importance of growing learners who have a wide skill set and firm knowledge base across all subjects. Through this curriculum our children will be:

Inquisitive and creative risk takers who show resilience

Passionate about learning and study

Part of a local and global community

Confident, respectful and able to express opinions and make informed choices

Supportive of others and have healthy bodies and minds

Ambitious and highly aspirational, knowing how to best utilise their skills and knowledge
