

Templenewsam Halton Primary School Key Priorities 2025 - 2026

Quality of Education

- To ensure the curriculum enables the pupils to develop secure, deep and fluent knowledge.
- The curriculum design shows quality of learning and subject specific rigour, which broadens vocabulary across all subjects.
- Priority subjects: Oracy, Maths and Computing.

Behaviour and Attitudes

- To move from good to a strong outstanding through:
- A school wide positive attitude to learning which shows self- motivation and cooperation with staff and collaboration and support to each other.
- Full school wide consistency of behaviour language and expectation.

Personal Development

• Review and create new opportunities to enhance children's personal development including the successful use of Temple 30, Muddy Puddle Days and Life Skill Days.

Leadership and Management

- All subjects are led effectively in order to improve outcomes and ensure effective progression of knowledge and skills and coverage of core objectives.
- All curriculum subjects to use effective and age-appropriate assessment strategies that inform planning and support improved outcomes.

Early Years

- Ensure that there is a clear focus and appropriate planning for the deployment and effective use of adults to teach in the outdoor learning space.
- Ensure that adults clearly model learning particularly when utilising the outdoor spaces and the opportunities for learning that they create.
- Effectively use assessment to inform future planning and specific needs of children.
